

December 17, 2024

Road Bureau, Planning Division

The Japan-Philippines 3rd Workshop for Technical and Business Cooperation on the Road Construction and Operation & Maintenance (Report)

On December 6, 2024, the Ministry of Land, Infrastructure, Transport and Tourism (MLIT) and the Department of Public Works and Highways (DPWH) of the Philippines held the “The Japan-Philippines 3rd Workshop for Technical and Business Cooperation on the Road Construction and Operation & Maintenance (O&M)” in Manila, the Philippines. A celebration ceremony was also held for Secretary Bonoan, DPWH, who received the JSCE International Contribution Award in June this year. At the workshop, presentations were made on technologies and initiatives related to road construction and O&M from both countries, and an exchange meeting was also held to promote business matching between private companies from both countries.

MLIT will continue to promote the public-private technical cooperation in the road sector in both countries.

This workshop has been held every year, since the first workshop was held on October 4, 2022, based on the “Memorandum of Cooperation for Technical and Business Cooperation on the Construction and O&M of Road Tunnels and Related Facilities” signed by the two ministers.

< Outline of the Workshop >
